

Optolite Prime

Modular Flood light

Optolite Prime floodlights from Magnatech LED are an ideal alternative to halogen, sodium and metal halide floodlights.

The stylish, slim and lightweight design is IP65 rated and ideal for both indoor and outdoor use.

Power rating ranges from 60W to 180 watts offering considerable energy saving compared to their conventional counterparts and with a life expectancy in excess of 35,000 hours are practically maintenance free.

With a simple-to-change lens the Optolite Prime is available with a wide selection of beam angles allowing for a variety of applications from advertising boards and hi-bay lighting to tunnel lighting and car parks.

As with all Magnatech LED lighting products, the lamps emit no UV light, contain no harmful metals such as mercury and are more than 95% recyclable.

Powers of 1000W and over are available in our other ranges of floodlights.
