

# Areolite-22

## High power street light

The Magnatech LED Areolite-22 series is a high power LED street light head suitable for replacing standard HID fittings.

The attractive one-piece aluminium case is powder coated to resist corrosion and features an integrated waterproof driver compartment.

The Areolite-22 is an ideal replacement for street light heads with a mounting height from 5-18 metres on highways, loading areas and car parks.

Available from 100W to 250W with a variety of optics.

Available with optional NEMA socket or daylight sensor.

A variety of mounting options allow fixing to poles or walls.

Exceptional efficiency of over 150Lm/W.
