Simply Brilliant

SOXLED

LED replacement for LPS Lamps

Magnatech LED have designed and developed a unique direct LED replacement for the 35W, 55W, 90W, 135W and 180W SOX lamps and with similar dimensions to the original SOX bulb thus allowing for trouble-free retro-fit.

By simply removing the ballast and fitting our SOXLED bulb into the existing head you benefit from lower power consumption, long life and therefore lower maintenance costs. There is also the added advantage of a high CRI giving a much better quality of light.

The extruded aluminium heatsink ensures adequate cooling when used in enclosed fittings.

The robust PC cover protects the LED chips from damage during transport and installation.

The lamp should only be installed in fittings of IPx5 or greater if used outdoors. A surge protection device (SPD) of 10kV or greater should also be installed in the luminaire to prevent damage from lightning and other surges. Magnatech can supply a suitable device.

Features

- ✓ Rotating base
- ✓ Internal driver
- ✓ B22 Base

Replaces

- ✓ 16W replaces 35W
- ✓ 18W/24W replaces 55W
- ✓ 28W replaces 90W
- ✓ 40W replace 135W
- ✓ 56W replaces 150W

Applications

- ✓ Private roads
- ✓ Industrial areas
- ✓ Highways

Model	SL07 16W	SL08 18W	SL08 24W	SL09 28W	SL10 40W	SL11 56W
Power	16W	18W	24W	28W	40W	56W
Light Output (Lm)	>1600	>1800	>2400	>2800	>4000	>5600
Dimensions (mm)	302*55	427*55	427*55	530*55	770*55	1030*55
Input Voltage	85-265V AC 50/60Hz					
Beam Angle	140*80°					
CRI	>70					
IP Grade	IP40					
Colours	3000K, 4500K, 6000K
