

Vega

Compact high bay lamp

The Magnatech LED Vega is a compact LED alternative to the traditional style of high bay lights.

By using a lens for fixing the beam angle the lamp does not require the bulky reflector used in conventional types.

Three sizes of case cover a range from 100W to 200W using high efficiency 3030 LED chips.

Efficiency is >120Lm/W

Available with a choice of 45°, 60°, 90° or 120° beam angle.

The integrated driver is available with optional dimming control. Can be fitted with adaptive lighting control and motion sensors with 3-step dimming.

A number of mounting options are available.

Features

- ✓ Compact size
- ✓ Lightweight heatsink
- ✓ 45°, 60°, 90° or 120°

Replaces

- ✓ MH high bay
- ✓ SON high bay.
- ✓ HID from 200W to 500W

Applications

- ✓ Factories
- ✓ Shopping malls
- ✓ Supermarkets

Model	Vega		
Power	100W	150W	200W
