

Vela

UFO style high bay lamp

The Magnatech LED Vela is a compact LED alternative to the traditional style of high bay lights.

By using a lens for fixing the beam angle the lamp does not require the bulky reflector used in conventional types.

Three sizes of die-cast aluminium cases cover a range from 50W to 200W using high efficiency 3030 LED chips.

Efficiency is >100Lm/W

Available with a choice of 90° or 120° beam angle.

The integrated driver is available with optional dimming control. Can be fitted with adaptive lighting control and motion sensors with 3-step dimming.

A number of mounting options are available.

Features

- ✓ Compact size
- ✓ Die-cast heatsink
- ✓ 90° or 120°

Replaces

- ✓ MH high bay
- ✓ SON high bay.
- ✓ HID from 100W to 500W

Applications

- ✓ Factories
- ✓ Shopping malls
- ✓ Supermarkets
