

Wigston 2 Tri-proof Light

The Magnatech LED Wigston3 series of IP65 bulkhead fittings are designed to replace conventional fluorescent tube types.

Using the latest generation of LED chips, the Wigston series offers exceptional performance and reliability.

The steel heatsink gives good heat dissipation and positive locking for the PCBs

The PC case and cover are dust, water and vapour proof allowing them to be used both indoors and outdoors.

The Wigston2 range can be supplied with clear or frosted cover and with additional options such as dimming drivers, motion sensors, adaptive lighting sensor and emergency power.

Available in 3 lengths and both narrow (95mm) and wide (125mm) cases.

Warranty is 5 years.
